

# CERN Games Club

## Annual General Meeting 2022

The AGM of the CERN Games Club was held in the Building 40 cafeteria area on 3 April 2022. There were 17 members in attendance.

### 1. Summary of 2021/2022 Activities

#### President

Steve opened the meeting by saying how happy he was to see people back on site playing games. Face-to-face games had been suspended due to the Covid pandemic for almost exactly two years, but resumed on 20 March 2022.

Steve also informed the club that he was stepping down as President. He was thanked for his dedication to the club during his tenure, including the task of keeping the club alive during the pandemic.

#### Treasurer

Michi presented the club accounts. The balance on the club account did not change during 2021/22 as club activities were suspended. The club will arrange to buy new games in the near future. Club members will be invited to vote on which games are purchased.

#### Secretary

As in 2020/21, there were no on-site activities, so all memberships that were active in 2020/21 will be carried forward again to 2022/23.

At the 2020 AGM, the annual membership fee was set at CHF 10 in accordance with CERN Staff Association rules (free for members of the SA). The club website has been updated with information on [how to join the club and the benefits of membership](#).

While it is not necessary to join the club to play games, CERN rules (OC2) stipulate that external visitors who need a type V access card must be club members. After the AGM, Michael will update the membership list and start the process of applying for access cards for those who need them. In the meantime it is possible to apply for a one-day pass on a week-by-week basis.

There have been requests to add the catalogue of club games to the website. Currently there is a static list of games but it is not searchable/bookable and is difficult to keep up-to-date. Michael will try to find a way to add this feature.

#### Games Officer

Oscar reminded the club about the games lockers in R1 and in the R2 club rooms. Club members are entitled to obtain a key for the games lockers. If anyone wants to play a particular game on Sundays, they can contact Oscar beforehand so he can get it from the locker.

### 2. Election of 2021/2022 Committee

The committee was unanimously elected:

President: Michi Hostettler

Secretary: Michael Davis

Treasurer: Wren Vetens

Games Officer: Oscar Gonzalez Lopez

### 3. AOB

There was no other business.
